

Top Secret Cleaning Solutions!

Once you use these recipes for your cleaning projects, you will never want to lose them! Give them a try!

Bathtub Cleaning Recipe

To clean bathtubs without scrubbing! It works!!

Mix a spray bottle with 1 cup “blue” Dawn Dishwashing Liquid and 1 cup boiling hot vinegar, spray area you’d like to clean (bathtub, shower surrounds etc, let sit for 1 hour and wipe off/rinse with hot water and cloth or sponge. All those areas that you can never seem to get completely clean will look new again!

Tile Grout Cleaning Recipe

To clean grout lines in tile or to restore your grout.

Make a paste of baking soda and water and spread on lines, spray with ½ boiling water and ½ vinegar, after bubbling stops, scrub with brush and rinse.

Whiten Stained Material

Ever turned anything pink in the washer?

This concoction almost always removes the pink along with removing stains and makes your whites white again!

Mix ½ cup Liquid Dishwasher Detergent (Cascade etc...) with 1 cup bleach in your washing machine with 1 Gallon hot water.

Soak till item(s) turns white and rinse. (sometimes you can watch the material turn white right before your eyes).
